Berkin Kağan Ateş
Computer Science Student

I'm a semi-scholarship-holding computer science student at Bilkent University. I received this scholarship by placing 2207th out of 2 million students in Turkey's national test.
I'm now preparing to launch my new start-up project, "Gidelimm," a web application. I'm also a passionate event planner and an active Audit and Consulting Club member at my current school.
